DANCE TOURS

Gullivers Sport Travel was established in 1981. We are group travel specialists who have arranged over 3000 group tours including dance tours designed specifically for schools and dance studios seeking to enhance the educational experience of their students. We can construct a comprehensive itinerary tailored to your specific requirements.

A Gullivers Sport Travel dance tour enables students to experience the multiple aspects of dance – classes and workshops, behind the scenes perspective and world-class professional performances.

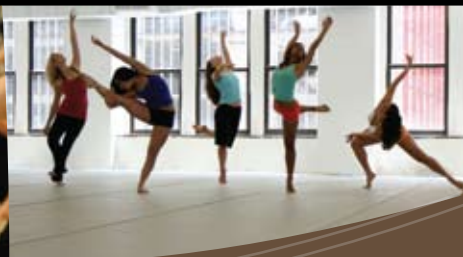

Students are immersed in the vibrant cultures of the cities they visit and return with skills and memories to last a lifetime.

The Glenda Yee School of Dance has been on numerous trips to the United States and can easily say that a planned tour by Gullivers Sport Travel is the way to go. They're easy to deal with, and we can speak very highly of their consultants who know exactly what dance studios want! And whilst the trip was very economical it was without compromise on the comforts and quality. Our parents couldn't believe all the inclusions, they loved their travel bags! Everything was well thought of and covered.
