

School History Tours

"They say travel broadens the mind; but you must have the mind"

G.K. CHESTERTON *The Shadow of the Shark* (1921)

HISTORY TOURS ARE DESIGNED TO BROADEN THE MIND AND ENRICH THE EDUCATIONAL AND CULTURAL EXPERIENCE OF STUDENTS.

- Tours are designed specifically to supplement courses in history in the senior secondary years bringing vitality to the pursuit of historical understanding.
- They allow for pleasant, informal staff/student exchange providing unique, often spontaneous, pedagogical opportunities.
- They encourage a wide-ranging diversity of cultural experiences - language, customs, food, art, architecture - increasing cultural awareness and appreciation.

Gullivers Sport Travel has organised over 3000 group tours in the past 28 years, many of which were history tours designed for schools seeking to enhance the educational experience of the students. Mr Rob Scott, former Master Teacher of History at a leading Sydney Secondary School has organised many history tours abroad and will assist us to construct an itinerary tailored to your particular requirements. We will be delighted to submit a quotation.

Gullivers Sport Travel
